## BILLING INFORMATION

---

First Choice Pediatrics participates with a substantial amount of insurance plans. We encourage you to speak with your healthcare plan to verify benefits offered specific to your current coverage policy. This ensures that you receive the best, cost effective benefits your plan has to offers prior to your visit. Understanding your benefits gives a general view of covered and non-covered services, plan requirements and contacts, and possible out of pocket expenses. Please remember at the time of your visit to provide us with your current health insurance card.

As a courtesy to patients, our billing department will file a claim with your insurance provider. Within contractual plan limitations, you may be responsible for a copay, coinsurance, deductible and/ or out of pocket amount. All fees noted by your insurance plan as member responsibility will be collected at the time of service or can be paid prior to your appointment. If you have specific questions regarding any out of pocket, please give us a call at 407-249-1234.

Below you will find a partial list of contracted healthcare plans accepted at our offices:
